Origin of Mother Farm's name

The Mother Farm was founded by Mr. Hisakichi Maeda who started Sankei Shimbun Daily Newspaper and Tokyo Tower. His parents lived in the suburbs of Osaka and were so poor that his mother often said, "If we had just one cow, our life would be so much more easier." Her words had always stuck on his mind and he felt stock-raising industry will be necessary in the future lives of Japanese.

First Farm Attraction in Japan G Mother Farm Tour

- Takes about 60 min. (riding time: about 35 min.)
- Fee: Adult 1,200 yen / Child 700 yen

Rainy Days OK

Ride on the tractor train for a tour of the farm where animals live. On the Mother Farm Tour, tour guides give fun and interesting stories about the farm. You can feed the alpacas and sheep. Meet animals you can hardly see.

- ### Please Keep in Mind
- Dogs brought onto the farm must be in a cage or on a leash (flexi-leads not accepted.)
 - Note: Dogs are not allowed in certain areas, such as the restaurants, Agrodome and Mother Farm Tour areas.
 - Note: Any accidents caused by dogs are the sole responsibility of the dog owner.
 - Pets other than dogs are not allowed on Mother Farm.
 - Note: The attractions and events are subject to cancellation or amendment depending on the weather.
 - Kickboards, tricycles and roller skating shoes are prohibited within Mother Farm.
 - Unolicited sales, fireworks, gas burners and any other sources of flames are prohibited within Mother Farm. Unlicensed sales are also prohibited within the vicinity of the farm.
